DATE: 10/03/2020

MEMORANDUM OF UNDERSTANDING

BETWEEN

JAYA ENGINEERING COLLEGE

AND

EVOLVE [AASURAN EXOSKELETONS PVT LTD]

This Agreement made and entered into on this 10th of March 2020 between JAYA ENGINEERING COLLEGE, NO. 90, Usha garden, Kannigaipair, Chennai and EVOLVE [AASURAN EXOSKELETONS PVT LTD]No: 10/3, Lakshmi illam, Muthiyal st, Alandur, Chennai-16

1. OBJECTIVES OF THE MOU

The objective of this Memorandum of Understanding is:

- a. To promote interaction between JAYA ENGINEERING COLLEGE (Department of Aeronautical Engineering) and EVOLVE [AASURAN EXOSKELETONS PVT LTD] in mutually beneficial areas.
- b. To provide a formal basis for initiating interaction between JAYA ENGINEERING COLLEGE (Department of Aeronautical Engineering) and EVOLVE [AASURAN EXOSKELETONS PVT LTD].

2. PROPOSED MODES OF COLLABORATION

Jaya Engineering College and EVOLVE [AASURAN EXOSKELETONS PVT LTD] propose to collaborate through

- a. Sponsoring student projects / fellowships in UG/PG degree programs at Jaya Engineering College.
- b. Sponsoring R&D projects, which may be carried out wholly at Jaya Engineering College or at premises of EVOLVE or partly at Jaya Engineering College and partly at EVOLVE.
- c. Training the educational programmes conducted by Jaya Engineering College in areas of interest to the EVOLVE.

Each of the above modes of interaction will be initiated by entering into a separate agreement between the two parties.

3. FORMS OF RESEARCH AND DEVELOPMENT PROGRAMS

The form of any of the said Research and Development Program will be subject to a separate Research Agreement entered into by the parties but may also include the following:

- a. In their own existing facilities - The performance of research individually by each Party or concurrently by both Parties in mixed groups at their own facilities with regular exchanges of results.
- b. In a separate research and development facility - The performance of research by the technical personnel of both Parties working together in the facilities of one Party or in mixed groups at the facilities supported/ sponsored by either Party.
- c. Third parties - The performance of research by the Parties together with one or more third parties.

4. AGREEMENTS FOR RESEARCH COLLABORATION

Each research collaboration undertaken by the parties hereunder shall be initiated by the signing of a separate research agreement between the parties, which will describe in detail:

- a. The nature, scope and schedule of the research collaboration.
- b. The form of the research collaboration.
- c. The estimated cost of the research collaboration together with the amount of funding, if any, to be received from third parties.
- d. The treatment of intellectual property and data rights, including patents, industrial design registration, copyrights and all other proprietary information (including innovations not patented, designs not registered etc.) which result from the research collaboration or which belong to a party and are used in research collaboration.
- e. Other provisions as may be mutually agreed upon, including provisions covering the consequences of default or termination by a participant, term, arbitration of disputes and applicable law.

5. CONFIDENTIALITY

- a. During and for a period of two years from the date of disclosure, each party agrees to consider as confidential all information disclosed by the other party in written or tangible form or, if orally disclosed confirmed in writing within thirty days of disclosure and identified as confidential by the disclosing party.
- b. The obligations above shall not extend to any confidential information for which the receiving party can prove that this information:
 - is in the public domain at the time of disclosure or comes within the public domain without fault of the receiving party.
 - is already known or become known to the receiving party
 - is received from a third party having no obligations of confidentiality to the disclosing party,
 - is independently developed by the receiving party; or
 - is required to be disclosed by law or court order.

6. NON-EXCLUSIVITY

The relationship of the parties under this MOU shall be nonexclusive and both parties, including their affiliates, subsidiaries and divisions, are free to pursue other agreements or collaborations of any kind. However, when entering into a particular research agreement, the participants may agree to limit each party's right to collaborate with others on that subject.

7. TERMS AND TERMINATION

This MOU, unless extended by mutual written agreement of the parties, shall expire 2 years after the effective date specified in the opening paragraph. This MOU may be amended or terminated earlier by mutual written agreement of the parties at any time. Either party shall have the right to unilaterally terminate this MOU upon 60 days prior written notice to the other party.

8. ASSIGNMENT

It is understood by the Parties herein this MOU is based on the professional competence and expertise of each party and hence neither Party shall transfer or assign this Agreement, or rights or obligations arising hereunder, either wholly or in part, to any third party.

9. SIGNED IN DUPLICATE

This MOU is executed in duplicate with each copy being an official version of the Agreement and having equal legal validity.

By Signing Below, the parties, acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the day and year first above written.

MEMORANDUM OF UNDERSTANDING

BETWEEN

AADHITYAA INFOMEDIA TECHNOLOGIES, CHENNAI
AND

JAYA ENGINEERING COLLEGE, CHENNAI

PREAMBLE

AADHITYAA INFOMEDIA TECHNOLOGIES

Aadhityaa Infomedia Technologies, established in 2004, is a key player in IT and academic services. We deliver technological and educational solutions, software services and products to global enterprises with an experienced team of professionals. Within a short span of time since its establishment, the organization has established itself as a global player providing latest IT and educational amenities.

JAYA ENGINEERING COLLEGE

JAYA ENGINEERING COLLEGE (JEC) is an ISO 9001:2008 Certified Institution founded in 1995 with a Focus on technological innovation, entrepreneurship and character building to the students. The major courses like CSE, ECE and TEXTILE are accredited by NBA, New Delhi. JEC is Affiliated to Anna University, Chennai and approved by AICTE, New Delhi. The Jaya Engineering College has been Conducting 9 UG courses and 7 PG courses. The Jaya Engineering College management team consists of Well-experienced and committed Academicians and Administrators.

This MOU : between Aadhityaa Infomedia Technologies and Department Of Information Technology, Jaya Engineering College, with a primary objective of "Industry - Educational Institutional Interface" on continuing basis for mutual cooperation and benefit for achieving a harmonious blend of strong points from both sides.

This MOU covers the following functions paving way for the institute-industry link.

Following are the areas where we propose to work together to achieve the objectives:

Aadhityaa Infomedia Technologies - THE INCUBATION PROGRAMME

Aadhityaa Infomedia Technologies, the pioneers in conceptualizing a unique incubation program aimed at bridging the gap between Industry and Academics by building Industry Ready Engineering Workforce, would like to work in collaboration with Jaya Engineering College to further benefit the Final year Engineering students and act as a stepping stone for their bright careers.

The Programme includes PROJECT INTERNSHIP which fulfils the academic requirement of Third Year and Final year Engineering students of B.Tech. Joint monitoring will be done for the regular development of the students' projects at Aadhityaa Infomedia Technologies from time to time by Internal Guide as mutually agreed by both the parties.

ADJUNCT COURSES

a) The foundation laid down in the academic curriculum has to be complemented by certain application oriented programs which can impart further practical understanding. Based on the feedback from leading Academicians and Industry leaders, Aadhityaa Infomedia Technologies has modeled certain long term programs to be embedded and run parallel to the existing curriculum of the Engineering students. The objective of these ADJUNCT COURSES is to provide the students an opportunity to learn and practice the most updated technologies relevant from Industry point of view

b) The ADJUNCT COURSES to be run in high-end areas like Mobile Gaming and Mobile Commerce Applications, next generation Web applications, Telecom protocol stacks and web services, Operating systems, security, etc, shall be concluded with MINI PROJECTS to further make the student hands-on with the topic.

c) The requisite COURSEWARE and PARTICIPATION CERTIFICATE on the proposed courses (covering both Theory and Practical) will be made available to the students by Aadhityaa Infomedia Technologies.

d) The fee structure will be decided on course- to -course basis.

e) A revenue share model will be worked out in association with the Jaya Engineering College based on the course.

f) The certification will be done jointly by Aadhityaa Infomedia Technologies and Jaya Engineering College

CERTIFICATE PROGRAMS

a) Aadhityaa Infomedia Technologies shall conduct "CERTIFICATE PROGRAM" to be offered in association with the Jaya Engineering College.

The certificate programs will be a certain value addition to the students as they will be eligible for an internationally recognized certificate.

b) The following certificate programs are proposed in the first phase:

- ❖ Certified Mobile Application Development
- ❖ Ethical Hacking
- ❖ Machine Learning
- ❖ AWS Certification Course
- ❖ Cyber Security
- ❖ Web Designing
- ❖ Java Programming

c) The requisite COURSEWARE and PARTICIPATION CERTIFICATE on the proposed courses (covering both the theory and the practical) will be made available to the students.

d) The fee structure will be decided on course- to -course basis.

e) Classes will be conducted beyond normal Jaya Engineering College hours on working days and full time during vacation.

f) The certification will be done by the respective International Companies.

COMMUNICATION SKILLS & PERSONALITY DEVELOPMENT

Aadhityaa infomedia Technologies will work with Jaya Engineering College to impart PERSONALITY DEVELOPMENT and COMMUNICATION SKILLS for the students of the Jaya Engineering College. Aadhityaa Infomedia Technologies has specialists in assessing/imparting and improving the personality development for professionals.

TECHNOLOGY TRANSFER FORUMS

a) Aadhityaa Infomedia Technologies intends to organize Technology Seminars and Workshops under the "TECHNOLOGY TRANSFER FORUM", on a regular basis in association with the Jaya Engineering College to provide student community latest happenings in the IT world.

b) The TECHNOLOGY TRANSFER FORUM will be run in association with respective departments of the Jaya Engineering College.

GUEST FACULTIES

a) Aadhityaa Infomedia Technologies, In association with Jaya Engineering College, shall arrange for seminars/Guest lecturers from Industry professionals/HR/Placement Agencies/Technology vendors to interface the students with Global industry trends.

b) The cost incurred (if any including Travel / accommodation etc.) for conducting such seminars will be borne by Jaya Engineering College.

FACULTY TRAINING

a) Aadhityaa Infomedia Technologies would provide necessary training as an ongoing process on varied Leading edge Technologies and other relevant areas to the faculties /Lecturers /Professors of the Jaya Engineering College and affiliated campuses. Senior trainers with vast Industry experience will conduct the training.

b) Aadhityaa Infomedia Technologies will charge for such training per participant.

INTELLECTUAL PROPERTY DEVELOPMENT

a) Aadhityaa Infomedia Technologies may time to time assign research and product development in collaboration with Jaya Engineering College to create Intellectual Property. A joint team comprising members of Aadhityaa Infomedia Technologies and Jaya Engineering College shall work in collaboration to accomplish the goals of the projects.

b) The modalities of this will be discussed and finalized after consultation with Jaya Engineering College

CENTER OF EXCELLENCE

a) Aadhityaa Infomedia Technologies proposes to setup "CENTER OF EXCELLENCE" - a state of art Lab at JAYA ENGINEERING COLLEGE campus to showcase full range of Solutions from Operating System to Network Management services, security & network audit services, integration tools, Web Services & Linux services, Telecom protocol stacks and Mobile applications.

The following labs are proposed to be set up in collaboration with the JAYA ENGINEERING COLLEGE:

- ❖ Convergence Protocols Lab
- ❖ Mobile Gaming and Applications Lab
- ❖ Embedded and Robotics Lab
- ❖ Smart Cards and Biometrics
- ❖ VoiceXML
- ❖ RFID
- ❖ Web2.0/Web3.0

b) This will give a wider knowledge on the Operating System front to the IT students and will also get an opportunity to learn and have hands on practice on various services - Open Source Technologies like Linux, Integration Services based on XML, application development on J2EE

platform etc offered on NetWare 6.5, cutting edge technologies like Telecom Protocol stacks and mobile applications.

c) Aadhityaa Infomedia Technologies assures committed support to properly run, maintain the systems and train the people who are responsible to manage it.

d) The cost and other modalities will be worked out with Jaya Engineering College and finalized after consultation with Department of Information Technology, Jaya Engineering College.

ACADEMIC CONSULTANTS

a) Aadhityaa Infomedia Technologies welcomes Academic consultation from Jaya Engineering College in areas of mutual agreement.

The Jaya Engineering College faculties are invited to extend their consultation to regular development work at Aadhityaa Infomedia Technologies.

b) The consultation fee for participating Jaya Engineering College experts will be discussed and finalized after consultation.

PLACEMENT ASSISTANCE

a) Aadhityaa Infomedia Technologies shall jointly work with the Jaya Engineering College to place the students successfully into relevant industry after the completion of their Engineering Degree. Aadhityaa Infomedia Technologies broad based industry network will be utilized to maximise the placements for the students. Aadhityaa Infomedia Technologies will work with Jaya Engineering College to get companies on campus for recruitment. Both parties (Aadhityaa Infomedia Technologies and Jaya Engineering College) will implement the above functions effectively and both parties will review the functioning of MOU every three months.

VALIDITY

The agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during the period. The agreement cannot be withdrawn in the middle of the course, currently in progress. However, either party may withdraw from the agreement by giving a written notice of three months in advance, subject to fulfill of prior obligations otherwise surviving.

FORCE MAJEURE

Neither party shall be liable for nonperformance either in whole or in part of this agreement due to reasons unforeseen and beyond its control. These reasons shall include and be limited to strikes, lockouts, nationalization, acts of God, war and fire. In that event, the other party will be notified immediately in writing detailing full facts of the case and both parties will undertake to

arrive at mutually satisfactory solutions to overcome the difficulties arising out of these circumstances.

NON-DISCLOSURE

Except in relation to information that is already in the public domain or required by law, or necessary for the performance of its obligations under this MOU and is accordingly disclosed to its respective officers, employees, representatives or agents each Party must not, without the written consent of the other party, directly or indirectly disclose to any other person, use or permit to be disclosed for any purpose other than that contemplated by this MOU, any information that is acquired by it about the other parties affairs under this MOU, or as a consequence of the parties collaboration and must keep all such information strictly confidential and ensure that its officers, employees, representatives and agents keep any such information confidential.

ARBITRATION

Aadhityaa Infomedia Technologies and Jaya Engineering College shall settle any dispute arising out of any clause of this AGREEMENT through mutual consultations between Aadhityaa Infomedia Technologies and Department of Information Technology, Jaya Engineering College. In case a settlement is not arrived at such dispute(s) will be subjected to provisions of Arbitration & Conciliation Act, 1996. The venue of arbitration shall be in Jaya Engineering College.

The memorandum of understanding (MOU) is made on this 23rd January 2019, at Department of Information Technology, Jaya Engineering College.

Aadhityaa Infomedia Technologies.

MEMORANDUM OF UNDERSTANDING
BETWEEN

APELIX TECHNOLOGIES PRIVATE LIMITED, BANGALORE
AND

JAYA ENGINEERING COLLEGE, CHENNAI

No: 23/22, Old Post Office Street,
Korattur, Chennai-76

PREAMBLE

APELIX TECHNOLOGIES PRIVATE LIMITED

Apelix, established in 2010, is a key player in IT and academic services. We deliver technological and educational solutions, software services and products to global enterprises with an experienced team of professionals. Within a short span of time since its establishment, the organization has established itself as a global player providing latest IT and educational amenities.

JAYA ENGINEERING COLLEGE

JAYA ENGINEERING COLLEGE (JEC) is an ISO 9001:2000 Certified Institution founded in 1995 with a Focus on technological innovation, entrepreneurship and character building to the students. The major courses like CSE, ECE and TEXTILE are accredited by NBA, New Delhi. JEC is Affiliated to Anna University, Chennai and approved by AICTE, New Delhi. The JAYA ENGINEERING COLLEGE has been Conducting 9 UG courses and 7 PG courses. The JAYA ENGINEERING COLLEGE management team consists of Well-experienced and committed Academicians and Administrators.

This MOU is between Apelix and JAYA ENGINEERING COLLEGE, with a primary objective of "Industry - Educational Institutional Interface" on continuing basis for mutual cooperation and benefit for achieving a harmonious blend of strong points from both sides.

This MOU covers the following functions paving way for the institute-industry link.

Following are the areas where we propose to work together to achieve the objectives:

Apelix - THE INCUBATION PROGRAMME

Apelix, the pioneers in conceptualizing a unique incubation program aimed at bridging the gap between Industry and Academics by building Industry Ready Engineering Workforce, would like to work in collaboration with JAYA ENGINEERING COLLEGE to further benefit the Final year Engineering students and act as a stepping stone for their bright careers.

The Programme includes PROJECT INTERNSHIP which fulfils the academic requirement of Third Year and Final year Engineering students of BTech. Joint monitoring will be done for the regular development of the students' projects at Apelix from time to time by Internal Guide as mutually agreed by both the parties.

ADJUNCT COURSES

a) The foundation laid down in the academic curriculum has to be complemented by certain application oriented

programs which can impart further practical understanding. Based on the feedback from leading Academicians and Industry leaders, Apelix has modelled certain long term programs to be embedded and run parallel to the existing curriculum of the Engineering students. The objective of these ADJUNCT COURSES is to provide the students an opportunity to learn and practice the most updated technologies relevant from Industry point of view

b) The ADJUNCT COURSES to be run in high-end areas like Mobile Gaming and Mobile Commerce Applications, next generation Web applications, Telecom protocol stacks and web services, Operating systems, security, etc, shall be concluded with MINI PROJECTS to further make the student hands-on with the topic.

c) The requisite COURSEWARE and PARTICIPATION CERTIFICATE on the proposed courses (covering both Theory and Practical) will be made available to the students by Apelix.

d) The fee structure will be decided on course- to -course basis.

e) A revenue share model will be worked out in association with the JAYA ENGINEERING COLLEGE based on the course.

f) The certification will be done jointly by Apelix and JAYA ENGINEERING COLLEGE.

CERTIFICATE PROGRAMS

a) Apelix shall conduct "CERTIFICATE PROGRAM" to be offered in association with the JAYA ENGINEERING COLLEGE.

The certificate programs will be a certain value addition to the students as they will be eligible for an internationally recognized certificate.

b) The following certificate programs are proposed in the first phase:

- ❖ Certified Mobile Gaming Professional
- ❖ Certified Telecom Engineer
- ❖ Certified Mobile Engineer
- ❖ Web2.0/Web3.0
- ❖ J2ME, J2EE, JavaFX
- ❖ NET, Silverlight
- ❖ Quality Assurance

c) The requisite COURSEWARE and PARTICIPATION CERTIFICATE on the proposed courses (covering both the theory and the practical) will be made available to the students.

d) The fee structure will be decided on course- to -course basis.

e) Classes will be conducted beyond normal JAYA ENGINEERING COLLEGE hours on working days and full time during vacation.

f) The certification will be done by the respective International Companies.

COMMUNICATION SKILLS & PERSONALITY DEVELOPMENT

Apelix will work with JAYA ENGINEERING COLLEGE to impart PERSONALITY DEVELOPMENT and COMMUNICATION SKILLS for the students of the JAYA ENGINEERING COLLEGE. Apelix has specialists in assessing/imparting and improving the personality development for professionals.

TECHNOLOGY TRANSFER FORUMS

a) Apelix intends to organize Technology Seminars and Workshops under the "TECHNOLOGY TRANSFER FORUM", on a regular basis in association with the JAYA ENGINEERING COLLEGE to provide student community latest happenings in the IT world.

b) The TECHNOLOGY TRANSFER FORUM will be run in association with respective departments of the JAYA ENGINEERING COLLEGE.

GUEST FACULTIES

- a) Apelix, In association with JAYA ENGINEERING COLLEGE, shall arrange for seminars/Guest lectures from Industry professionals/HR/Placement Agencies/Technology vendors to interface the students with Global industry trends.
- b) The cost incurred (if any including Travel / accommodation etc.) for conducting such seminars will be borne by JAYA ENGINEERING COLLEGE.

FACULTY TRAINING

- a) Apelix would provide necessary training as an ongoing process on varied Leading edge Technologies and other relevant areas to the faculties /Lecturers /Professors of the JAYA ENGINEERING COLLEGE and affiliated campuses. Senior trainers with vast Industry experience will conduct the training.
- b) Apelix will charge for such training per participant.

INTELLECTUAL PROPERTY DEVELOPMENT

- a) Apelix may time to time assign research and product development in collaboration with JAYA ENGINEERING COLLEGE to create Intellectual Property. A joint team comprising members of Apelix and JAYA ENGINEERING COLLEGE shall work in collaboration to accomplish the goals of the projects.
- b) The modalities of this will be discussed and finalized after consultation with JAYA ENGINEERING COLLEGE.

CENTER OF EXCELLENCE

- a) Apelix proposes to setup "CENTER OF EXCELLENCE" - a state of art Lab at JAYA ENGINEERING COLLEGE campus to showcase full range of Solutions from Operating System to Network Management services, security & network audit services, integration tools, Web Services & Linux services, Telecom protocol stacks and Mobile applications.

The following labs are proposed to be set up in collaboration with the JAYA ENGINEERING COLLEGE:

- ❖ Convergence Protocols Lab
- ❖ Mobile Gaming and Applications Lab
- ❖ Embedded and Robotics Lab
- ❖ Smart Cards and Biometrics
- ❖ VoiceXML
- ❖ RFID
- ❖ Web2.0/Web3.0

b) This will give a wider knowledge on the Operating System front to the IT students and will also get an opportunity to learn and have hands on practice on various services - Open Source Technologies like Linux, Integration Services based on XML, application development on J2EE platform etc offered on NetWare 6.5, cutting edge technologies like Telecom Protocol stacks and mobile applications.

c) Apelix assures committed support to properly run, maintain the systems and train the people who are responsible to manage it.

d) The cost and other modalities will be worked out with JAYA ENGINEERING COLLEGE and finalized after consultation with JAYA ENGINEERING COLLEGE departments.

ACADEMIC CONSULTANTS

a) Apelix welcomes Academic consultation from JAYA ENGINEERING COLLEGE in areas of mutual agreement.

The JAYA ENGINEERING COLLEGE faculties are invited to extend their consultation to regular development work at Apelix.

b) The consultation fee for participating JAYA ENGINEERING COLLEGE experts will be discussed and finalized after consultation.

PLACEMENT ASSISTANCE

a) Apelix Softlabs (P) Ltd shall jointly work with the JAYA ENGINEERING COLLEGE to place the students successfully into relevant industry after the completion of their Engineering Degree. Apelix broad based industry network will be utilized to maximise the placements for the students. Apelix will work with JAYA ENGINEERING COLLEGE to get companies on campus for recruitment. Both parties (Apelix and JAYA ENGINEERING COLLEGE) will implement the above functions effectively and both parties will review the functioning of MOU every three months.

VALIDITY

The agreement is valid for a period of Three years with effect from the date of signing of the agreement and may be renewed after that period, incorporating mutually agreeable modifications, if any thereafter. The agreement cannot be withdrawn in the middle of the course, currently in progress. However, either party may withdraw from the agreement by giving a written notice of three months in advance, subject to fulfill of prior obligations otherwise surviving.

FORCE MAJEURE

Neither party shall be liable for nonperformance either in whole or in part of this agreement due to reasons unforeseen and beyond its control. These reasons shall include and be limited to strikes, lockouts, nationalization, acts of God, war and fire. In that event, the other party will be notified immediately in writing detailing full facts of the case and both parties will undertake to arrive at mutually satisfactory solutions to overcome the difficulties arising out of these circumstances.

NON-DISCLOSURE

Except in relation to information that is already in the public domain or required by law, or necessary for the performance of its obligations under this MOU and is accordingly disclosed to its respective officers, employees, representatives or agents each Party must not, without the written consent of the other party, directly or indirectly disclose to any other person, use or permit to be disclosed for any purpose other than that contemplated by this MOU, any information that is acquired by it about the other parties affairs under this MOU, or as a consequence of the parties collaboration and must keep all such information strictly confidential and ensure that its officers, employees, representatives and agents keep any such information confidential.

ARBITRATION

Apelix and JAYA ENGINEERING COLLEGE shall settle any dispute arising out of any clause of this AGREEMENT through mutual consultations between Apelix and JAYA ENGINEERING COLLEGE. In case a settlement is not arrived at such dispute(s) will be subjected to provisions of Arbitration & Conciliation Act, 1996. The venue of arbitration shall be in JAYA ENGINEERING COLLEGE,

The memorandum of understanding (MOU) is made on this 29th day of JANUARY 2015, at JAYA ENGINEERING COLLEGE

MEMORANDUM OF UNDERSTANDING (MoU)

BETWEEN

JAYA ENGINEERING COLLEGE AND METRO COMPOSITES RESEARCH AND DEVELOPMENT CENTRE

This Memorandum of Understanding (hereinafter called as the 'MoU') is entered into on this the 2nd of June, 2016 by and between **Jaya Engineering College**, Thiruninravur, 602 024. The First Party represented herein by its **Dr. S. Rajendran, Head of the Department, Mechanical Engineering, Jaya Engineering College**, and **METRO COMPOSITES RESEARCH AND DEVELOPMENT CENTRE**, 13 Seenas Enclave, J P Nagar 1st Street, Surapet, Chennai-66. The second party, and represented herein by its **Proprietor Dr V R Arunprakash**.

WHEREAS:

- A) First Party is a Higher Educational Institution named: **Jaya Engineering College**.
- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education, Placement, Industrial Visit, Expert Lecture.
- D) **Metro Composites Research And Development Centre** - the Second Party is specialized in Develop composite materials which is useful for the social needs in future.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

CLAUSE I

CO-OPERATION

- Both Parties are united by common interests and objectives, and they shall establish co-operation.
- First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities.

The parties shall co-operate with each other and shall as promptly as is responsibly practical, relevant agreement.

CLAUSE 2**SCOPE OF THE MoU**

2.1 Industrial Training & Visits: Industry and Institution interaction will provide an insight into the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. This will provide confidence & smooth transition for students work. Also the Second party may register on the AICTE Internship Portal for the benefit of students.

2.2 Guest Lectures: Second Party to extend the necessary support to deliver guest lecturers to the students of the First Party on the technology trends and in house requirements.

2.3 Placement of trained students: second party will actively engage to help the delivery of the training and placement of the students of the first party on the technology trends and in house requirements.

2.4 There is no financial commitment on the part of the **Jaya Engineering College**, the first party to take up any program mention in MoU. If there is any financial consideration, it will be dealt separately.

2.5 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required.

CLAUSE 3**VALIDITY**

3.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during the period

CLAUSE 4**RELATIONSHIP BETWEEN THE PARTIES**

4.1 It is expressly agreed that First Party and Second Party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership.

MEMORANDUM OF UNDERSTANDING

BETWEEN

SUN SHINE GARMENT, Thiruverkadu
AND

JAYA ENGINEERING COLLEGE, CHENNAI

PREAMBLE

SUNSHINE GARMENT

Sun Shine Exports is a clothes and fabric manufacturing firm from Thiruverkadu and has been exporting various textile products from Andhra Pradesh to nearby states since 1992. They specialize in creating and improving products and services according to the current market needs. They also assist clients with market exploration and discovery for business development

JAYA ENGINEERING COLLEGE

JAYA ENGINEERING COLLEGE (JEC) is an ISO 9001:2008 Certified Institution founded in 1995 with a Focus on technological innovation, entrepreneurship and character building to the students. The major courses like CSE, ECE and TEXTILE are accredited by NBA, New Delhi. JEC is Affiliated to Anna University, Chennai and approved by AICTE, New Delhi. The JAYA ENGINEERING COLLEGE has been Conducting 9 UG courses and 7 PG courses. The JAYA ENGINEERING COLLEGE management team consists of Well-experienced and committed Academicians and Administrators.

This MOU is between Sun Shine Garment and JAYA ENGINEERING COLLEGE, with a primary objective of "Industry - Educational Institutional Interface" on continuing basis for mutual cooperation and benefit for achieving a harmonious blend of strong points from both sides.

MOU covers the following functions paving way for the institute-industry link.

Following are the areas where we propose to work together to achieve the objectives:

mutual cooperation and benefit for achieving a harmonious blend of strong points from both sides.

This MOU covers the following functions paving way for the institute-industry link.

Following are the areas where we propose to work together to achieve the objectives:

SUN SHINE GARMENT- THE INCUBATION PROGRAMME

Sun Shine Garment, the pioneers in conceptualizing a unique incubation program aimed at bridging the gap between Industry and Academics by building Industry Ready Engineering Workforce, would like to work in collaboration with JAYA ENGINEERING COLLEGE to further benefit the Final year Engineering students and act as a stepping stone for their bright careers.

The Programme includes PROJECT INTERNSHIP which fulfils the academic requirement of Third Year and Final year Engineering students of Textile manufacturing monitoring will be done for the regular development of the students' projects at Sun Shine Garment from time to time by Internal Guide as mutually agreed by both the parties.

ADJUNCT COURSES

a) The foundation laid down in the academic curriculum has to be complemented by certain application oriented

programs which can impart further practical understanding. Based on the feedback from leading Academicians and Industry leaders Sun Shine Garment has modelled certain long term programs to be embedded and run parallel to the existing curriculum of the Engineering students. The objective of these ADJUNCT COURSES is to provide the students an opportunity to learn and practice the most updated technologies relevant from Industry point of view

b) The ADJUNCT COURSES to be run in high-end areas Design /Sketch, pattern design, Grading, marker making, spreading, cutting, sorting, sewing, inspection ironing and packing etc, shall be concluded with MINI PROJECTS to further make the student hands-on with the topic.

c) The requisite COURSEWARE and PARTICIPATION CERTIFICATE on the proposed courses (covering both Theory and Practical) will be made available to the students by Sun Shine Garment.

d) The fee structure will be decided on course- to -course basis.

e) A revenue share model will be worked out in association with the JAYA ENGINEERING COLLEGE based on the course.

f) The certification will be done jointly by Sun Shine Garment and JAYA ENGINEERING COLLEGE.

CERTIFICATE PROGRAMS

- a) Sun Shine Garment shall conduct "CERTIFICATE PROGRAM" to be offered in association with the JAYA ENGINEERING COLLEGE.

The certificate programs will be a certain value addition to the students as they will be eligible for an internationally recognized certificate.

- b) The following certificate programs are proposed in the first phase:

- ❖ Designing and Pattern Making
- ❖ Marker making
- ❖ Sewing/Assembling
- ❖ Garment Merchandising
- ❖ Dyeing process

- c) The requisite COURSEWARE and PARTICIPATION CERTIFICATE on the proposed courses (covering both the theory and the practical) will be made available to the students.

- d) The fee structure will be decided on course- to -course basis.

- e) Classes will be conducted beyond normal JAYA ENGINEERING COLLEGE hours on working days and full time during vacation.

- f) The certification will be done by the respective International Companies.

FACULTY TRAINING

- a) Sun Shine Garment would provide necessary training as an ongoing process on varied Leading edge Technologies and other relevant areas to the faculties /Lecturers /Professors of the JAYA ENGINEERING COLLEGE and affiliated campuses. Senior trainers with vast Industry experience will conduct the training.

- b) Sun Shine Garment will charge for such training per participant.

INTELLECTUAL PROPERTY DEVELOPMENT

- a) Sun Shine Garment may time to time assign research and product development in collaboration with JAYA ENGINEERING COLLEGE to create Intellectual Property. A joint team comprising members of Sun Shine Garment and JAYA ENGINEERING COLLEGE shall work in collaboration to accomplish the goals of the projects.

- b) The modalities of this will be discussed and finalized after consultation with JAYA ENGINEERING COLLEGE.

ACADEMIC CONSULTANTS

- a) Sun Shine Garment welcomes Academic consultation from JAYA ENGINEERING COLLEGE in areas of mutual agreement.

The JAYA ENGINEERING COLLEGE faculties are invited to extend their consultation to regular development work at Sun Shine Garment

b) The consultation fee for participating JAYA ENGINEERING COLLEGE experts will be discussed and finalized after consultation.

VALIDITY

The agreement is valid for a period of FIVE YEARS with effect from the date of signing of the agreement and may be renewed after that period, incorporating mutually agreeable modifications, if any thereafter. The agreement cannot be withdrawn in the middle of the course, currently in progress. However, either party may withdraw from the agreement by giving a written notice of three months in advance, subject to fulfillment of prior obligations otherwise surviving.

ARBITRATION

Sun Shine Garment and JAYA ENGINEERING COLLEGE shall settle any dispute arising out of any clause of this AGREEMENT through mutual consultations between Sun Shine Garment and JAYA ENGINEERING COLLEGE. In case a settlement is not arrived at such dispute(s) will be subjected to provisions of Arbitration & Conciliation Act, 1996. The venue of arbitration shall be in JAYA

This agreement will commence on 07th February 2018 day of at Department of Textile Technology, Jaya Engineering College.
