Outcome	National Science Day holds immense significance in India and serves as a platform to celebrate the spirit of scientific inquiry, innovation, and discovery. This blog has highlighted several key points regarding the importance of National Science Day and promoting scientific temper in society.		

Department of Physics conducted National Science day on 28.02.2023 through offline mode, at JEC seminar hall in our institution. The program started at 09.00 A.M with a warm welcome address by the Dr. E. Priyadharshini, Assistant Professor, Department of Physics, JEC. The session was started by the resource person **Dr. G. Sankar Narayanan**, Professor & Principal of Jaya Engineering College.

National Science Day is celebrated every year on February 28 to commemorate the discovery of the 'Raman Effect' and to raise awareness about the importance of science and its role in improving the lives of people.

The basic objective of the observation of National Science Day is to spread the message of the importance of science and its application among the people. It is celebrated as one of the main science festivals in India every year with the following objectives:

- To widely spread a message about the significance of scientific applications in the daily lives of people
- To display all the activities, efforts, and achievements in the field of science for the welfare of human beings
- To discuss all the issues and implement new technologies for the development of science
- To encourage the people as well as popularize science and technology

The vote of thanks was delivered by Dr. E. Priyadharshini, Assistant Professor Department of Physics, Jaya Engineering College. He initially thanks to the management, Principal and gave best wishes to all students and Faculty and Students members for delightful and successful day. As per the feedback received from the participants it was very good experience, this Presentation helped them in understanding the importance of National Science Day.
