Thiruninravur.

To
The Principal,
Jaya Engineering College,
Thiruninravur.

Respected Sir /Madam,

Sub: Requesting permission for conducting Workshop on DOT NET Application Development for II & III Year MCA students-reg.

The III Year MCA students have to do project MC7611-Project Work for their Final semester and many students have selected the DOTNET technologies to do their project. Students required real time software engineer guidance. So, we are inviting our prestigious alumni **Mr.E.Paneer Selvam, Software Developer, Vinayaka Infotech, Chennai** to conduct Workshop on DOTNET Application Development.

We planned to organize a **“Workshop on DOT NET Application Development”** on **22/12/2018 9:00 AM to 12:00 Noon**. It will be very helpful for the III year and II Year MCA students to get knowledge about Application Development.

I kindly request you to approve the same.

Thanking You,

20/12/2018
Thiruninravur.

Yours Sincerely,
