| Outcome | This seminar empowers the students to understand about the working of Textile industry. They too encouraged the students for mini projects in their industry for further development of welcoming the good academic students. The Students will be benefitted by the placement opportunities. Further this also encourages the R & D projects, providing technical information for the students. | | |

Department of Textile Technology conducted a Program on the "**Seminar-Research & development in Textiles**" held on 09 september 2023 through offline mode, at Textile CAD Lab, Textile Block in our institution. The Event started at 9.00 AM with a warm welcome address by the **Mr.L.Nagarajan**, Associate Professor Department of Textile technology, JEC.

Mrs.Lakshmi Priya, Assistant Manager, Loyal Textiles, took over the session by her Excellent speech explaining well about the their company motivation, mutual relationships with other industries. She also empowered the students by having a brainstorming session throwing a topic and demands the idea, impacts and rectifications. She also proposed to offer different programs of mutual interest to Students of both UG & PG. Further she explained about the technical assistance and guest lecture provisions to our students. Also she elaborated the session through how they will provide the training sessions, workshops, conferences, etc., via this agreement.

Finally He ensures about the approval of R&D Projects to be carried out in the premises, which promotes the research and educational activities of students and faculties. Also Explaining the possibilities of providing consultancies and Placement opportunities for JEC students both UG & PG.

The vote of thanks was delivered by **Dr.C.Kayalvizhi**, Head, Department of Textile Technology, Jaya Engineering College. She started by thanking Mrs.Lakshmi Priya, Assistant Manager, for spending such a quality time to the development of both JEC and Students, next Principal, for supporting this event to made possible and gave best wishes to all students and faculty members for delightful and successful day. As per the feedback received from the participants it was very good learning experience, this program helped them in understanding the importance of idea generation and the Execution, which will inturn take them deep roots to more knowledge nurturing and empowering Research.
