Department of Textile Technology conducted a Program on the **”Tree Plantation Camp-Program”** held on 26<sup>th</sup> August 2023, at Textile CAD Lab, Textile Block in our institution. The Event started at 9.30 A.M with a warm welcome address by the Mr.S.Karthik, Assistant Professor, Department of Textile technology, JEC.

The session was started by the resource person **Prof.L.Nagarajan**, on **“Importance of save trees and Planting them more”**. He explained & triggered the spark of entire student participants on importance of plants and trees in our eco-system and human life. The session mainly focused on **Balance of Eco-System and reducing the Global warming.**

The Principal gave a passionate speech on world Environment and Green revolution. The Principle initiated first by planting a sapling, the rest of the sapling were planted by the students in different spots inside the campus with the guidance on how to plant a sapling properly. The aim of the program is to plant a total of 100 saplings on the college campus. Each students and teachers started planting saplings. After achieving the goal, the vote of thanks was delivered by **Mr.S.Karthik**, Assistant Professor Department of Textile Technology, Jaya Engineering College. He initially thank to the management, Principal and gave best wishes to all students and faculty members for delightful and successful day. As per the feedback received from the participants it was very good learning experience, this camp helped them in understanding the importance of Survival of next Generation. When you talk about tree plantation, it's not rocket scienceAll you need is an expert and a knowledgeable team to get things done at the right time.
