Target Participants	All year students from Department of Textile Technology, Jaya Engineering College.		
Outcome	The students had a good knowledge on making of jewels in Quilling method using papers. They were taught about different models of anklets, chokers, bracelets, rings, etc., and their productions. On this creative and activity day the students were aware that learning every new work that too hands on practice, will help them to activate their area of interest.		

Department of Textile Technology conducted a workshop on the "**Quilling-Paper jewelery making**" held on Activity day 07 october 2023 through offline mode, at Textile CAD Lab, Textile Block in our institution. The Event started at 9.30 A.M with a warm welcome address by the **Dr.c.Kayalvizhi**, Head, Department of Textile technology, JEC.

The session was started by the resource person **Mrs. Devi suresh**, on "**Quilling-Paper jewelery making**". The resource person has kindled the curiosity of the entire student participants on their innovative thinking and usage of paper. The session mainly focused on **Different Quilling methods of paper jewelery making**.

In the beginning **the Resource Person** gave the introduction on importance of Costume Designer and role play in both attires and accessories. She Explained about Career growth in this Field, and about **Entrepreneurship**. Every student's interest was triggered by the creative and colourful paper materials. The vote of thanks was delivered by **Mr.S.Karthik**, Assistant Professor, Department of Textile Technology, Jaya Engineering College. She initially thank to the management, Principal and gave best wishes to all students and faculty members for delightful and successful day. As per the feedback received from the participants it was very good learning experience, this workshop helped them in understanding the Entrepreneurship and The advantages of this Workshop on **Quilling-Paper jewelery making**.
