INCUBATION CENTER & PRODUCTS FROM R&D

INCUBATION CENTER & PRODUCTS FROM R&D

In order to develop the research activities, Jaya Engineering College – R&D Centre has been established and is functioning in this Institution from the last several years. Significant growth has been achieved in various research activities including the following:

- The research publications in peer reviewed indexed journals
- The submission of proposals for research funding and grants
- The collaborations with academic and industry by entering into Memorandum of Understanding (MoU) and regular progress in the collaboration activities
- Joint product development with industry / startup companies
- Establishment of Centers of Excellence (CoE) , acting as Research Labs facilitating research and product development by faculty members and students
- Establishment of Jaya Incubation Center in the college which has been approved as Host Institute (HI) (Reference Number: HIBITN003407) by the Government of India Ministry of Micro, Small & Medium Enterprises (MSME) for implementation of the Incubation component under MSME Innovative Scheme (Under MSME Champion scheme) in June 2023
- The faculty members qualifying as Ph.D. supervisors and guiding research scholars from Jaya Engineering College as well as other institutions in pursuing Ph.D.

- The faculty members pursuing Ph.D. under the guidance of Ph.D. supervisors from Jaya Engineering College as well as other institutions
- The R&D Center is governed by an R&D Board consisting of Professors and Senior Faculty Members from various programs of Engineering and Basic Sciences.

The research activities are coordinated by

Dr. M. Somasundaram, Dean – Research,
